1. Begin with a 7" x 9" piece of Crumb Cake cardstock. Score at 2" and 8 1/2" (widthwise).

2. Turn your cardstock 90 degrees (so that it is lengthwise) and score at  $1\frac{3}{4}$ ". Then, score again at the  $5\frac{1}{4}$ " mark from the top of the cardstock to the 2" mark and the  $8\frac{1}{2}$ " mark to the bottom of the cardstock. **Be sure to not score in between the 2" and  $8\frac{1}{2}$ " mark.**

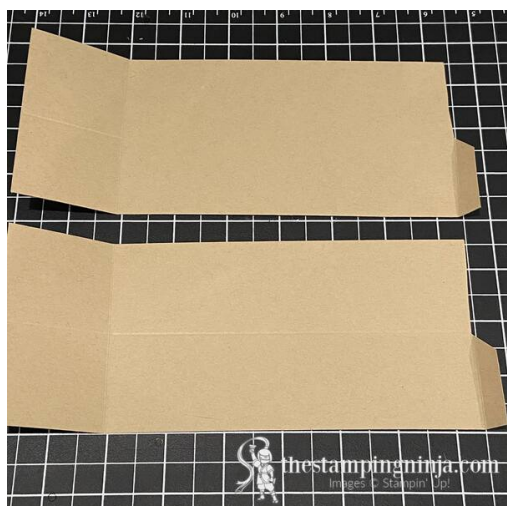

3. With your cardstock lengthwise, cut it in two so that each piece measures  $3\frac{1}{2}$ " x 9".

4. Locate the 1/2" fold on each piece of cardstock and cut diagonally from the edge to where the two score lines meet and trim the remaining piece off up to the top. Each piece should look like the photo below.

5. On the other end of your cardstock, cut the 2" fold line from the top of the cardstock to the horizontal 1 3/4" fold line. Repeat on the other piece.

6. Fold your score lines and burnish with your Bone Folder.
7. Stamp your sentiment on a 3 1/4" x 6 1/4" piece of Soft Sea Foam cardstock using Garden Green ink. (hint - this piece is for the back of the box.)

8. Cut a piece of the Painted Christmas designer series paper (DSP) to measure the following sizes: one large piece measuring 3 1/4" x 6 1/4", three medium pieces measuring 1 1/2" x 6 1/4", and six small pieces measuring 1 1/2" x 1 3/4".
9. Lay the two Crumb Cake pieces in front of you with the cut tab to the right, and adhere the large piece, one medium piece, and two small pieces as shown below.

10. Flip the two pieces over and adhere the Soft Sea Foam piece, two medium pieces, and the remaining four small pieces as shown below.

11. Cut a piece of Crumb Cake cardstock to measure 2" x 7 1/2". Score each end at 1/2" and cut the piece in two to measure 1" x 7 1/2".

12. Apply Tear & Tape to the two tabs and the end pieces of each strip you just cut.

13. Remove the paper from the two tabs and adhere the two large pieces together to form a box.
14. Attach the two small Crumb Cake strips to the inside of the box as shown.

15. On a piece of Basic White cardstock, stamp the following: two large pinecones in Crumb Cake (stamped off) and Early Espresso ink, two large leaf bunches in Pear Pizzazz (stamped off) ink, five berry twigs in Early Espresso, and five bunches of berries in Real Red ink. (stamp off means to ink up your stamp, stamp on a piece of scrap paper, then without re-inking your stamp, stamp your image where desired)
16. Crop out the images you just stamped with the Seasonal Label dies using your Stampin' Cut & Emboss machine.
17. With your machine again, crop out the following with the Christmas Pinecone dies:  
two pieces of Evening Evergreen cardstock with the large background, two pieces of Garden Green cardstock and a piece of gold Brushed Metallic cardstock with the large, detailed die, two large and five small background pinecones in Crumb Cake cardstock, and two large and five small detailed pinecones in Early Espresso cardstock.

18. Adhere the large Evening Evergreen pieces with the Garden Green pieces and the seven pinecones together with Multipurpose Liquid Glue, using the Silicone Craft Sheet method. Do this by laying the pieces upside down on your Silicone Craft Sheet, add some glue to the sheet (up in the corner and out of the way), dab a sponge into the glue, and lightly tap some glue on to the pieces. (Hint- this will ensure that your small pieces have glue on them, and you will not have to worry about globs of glue oozing out from your layers.) Once the glue is dry on your sheet, simply rub it off with your hand.

19. Attach one of the layered green pieces to the inside back of the box using Multipurpose Liquid Glue. (hint- line the piece up to the top of the card and trim the bottom off with your Paper Snips. You don't want your foliage sticking up above the top of the card.)

20. Cut the other layered green background pieces and the gold background piece in three using your Paper Snips.

21. Layer and build small pieces to fit inside your box and attach them to the Crumb Cake strips inside the box using Glue Dots. For example, here is the first layer that I built. Continue building and adhering your layered pieces until your box is full and lush.

22. Adhere a small piece of greenery and two pinecones to the front, and a bunch of berries with a small pinecone to the back, using Multipurpose Liquid Glue.

23. Stamp your small sentiment on a piece of Soft Sea Foam cardstock using Garden Green ink. (hint - I used my Stamparatus so that the ink was well saturated and even.)
24. Crop the sentiment out with the Seasonal Labels dies and adhere to the card using Stampin' Dimensionals.
25. Attach two Red Rhinestone Basic Jewels as shown.
26. **FOR AN ADDED TOUCH:** Add a piece of matching Painted Christmas designer series paper (DSP) to a regular business envelope flap. Glue a 1 1/2" x 10" piece to the outside of the envelope and trim off the excess with your Paper Snips.
