3. Wipe a large piece of Very Vanilla cardstock with an Embossing Buddy and stamp the cake (Along These Lines) in the center of it with Versamark ink. Quickly dust it with Gold embossing powder, tap off the excess, and set in place with your Heat Tool.

4. Wipe the piece again with an Embossing Buddy and stamp a flower (Along These Lines) so that it lines up with the cake, with Versamark ink. Heat emboss it in Gold, like you did the cake, then repeat the process with another flower on the other side.
